Education

/ 2002 - 2014 **High School** | CGPA 7.8

J.H.Ambani Saraswati Vidya Mandir

/ 2014 - 2016 **Higher Secondary School** | 71%

Shree Swaminarayan H.V. Vidyalaya

/ 2016 - 2021 **Bachelor of Architecture** | CGPA 7.22

Raman Bhakta School of Architecture

/ 2021 - 2022 **Full-Stack Web Development Course**

Great Learning / IIT Roorkee

Projects / Assignments

/ To-Do List App:

CRUD app with redux toolkit, aim was to determine the use of local state (use State hook) with global state(redux store)

Skill and Tools : Redux-Toolkit, React-Router-Dom

/ Node API:

The aim of this project was to create RESTful Api and to learn the basics of Node, Express and MongoDB

/ Movie App : MERN Stack App

Skill and Tools : React, Redux-Toolkit, Nodejs, Firebase, Express, MongoDB, React-Router-Dom, Mongoose, Styled Components

/ Employee Management WebApp : Rest API Web Application

Course : Back-End Development

Skills and Tools : Spring, hibernate, JSP, MVC design paradigm, Mappings, Spring Security, Rest API

/ Course Data Structures and Algorithms

This project aims to give a construction layout of a skyscraper based on the floor area constructed on a particular day. In the second project, we are changing the complete binary tree to a skewed tree based on the requirement

Skills and Tools : Queue, Linkedlist, Stacks, OOPs, Clean Coding, BST, Java

/ Data Structures and Algorithms

This project aims to create a set of stock screens like, finding the stock in descending and ascending order, checking whether company share today rose or declined compared to yesterday.

Skills and Tools : Merge Sort, Linear Search, Binary Search, Arrays, Time Complexity , Java
